

HEALTH FOUNDATION CAREER PROGRAM CERTIFICATE

The goal of the Health Foundation Career Program is to help students gain industry competencies in the health care industry and increasing awareness of the allied health field by exploring options for entry/postsecondary education for a career in settings.

The objective is to inform and prepare students to enter health care careers in various healthcare settings, such as ambulatory care clinics including community health centers, hospitals, skilled nursing facilities, medical offices, and other healthcare settings.

EARN YOUR CERTIFICATE WITH 5 COURSES
